# Lights That Live With You

VISUAL COMFORT & CO. RECHARGEABLE LAMPS - The ideal solution for spaces with limited access to outlets, from poolside to tablescape. Crafted with our core materials and finishes, these sophisticated, portable lamps seamlessly enhance both indoor and outdoor environments, adding elegance and illumination wherever needed.

---

## Why Our Rechargeables Stand Out

### Unrivaled Battery Life

Enjoy extended battery life that provides high-quality, consistent light longer than the competition, keeping you productive and entertained without interruption.

### Superior Illumination

Beautiful, warm white light that stays consistent and bright for the duration of the battery life. With a Color Rendering Index (CRI) of 90, our lights ensure the illuminated area appears vibrant and natural.

### 3-Step Touch Dimming

Easily adjust the light to one of three levels — High, Medium, or Low. Create the perfect ambiance at the touch of a button, tailored to any moment of your day.

### Wet Location Rated\*

Many of our rechargeable designs feature an IP65 rating, meaning they are built to resist dust and water, ensuring reliable performance in tough environments. Perfect for outdoor use or humid conditions.

### Fast Charging

Thanks to our advanced fast-charging technology, you'll be back to full power in no time. Spend less time waiting and more time doing.

### Safety First

Built-in safety features protect against overcharging, overheating, and short circuits, ensuring peace of mind while charging.
